Dear Sir:

Recently our office received a request for some information about the CIA. Specifically, this school would like information about who is involved in CIA under-cover work on college campuses, how the CIA is involved on campuses, why the CIA is so involved, and the pay-scale for personnel involved in such operations.

Could you provide me with such information, please?

Thank you for your attention.

Sincerely,

Richard B. Gagnagen  
Director
